Policy register a plus / grav			

Reliever medication given from a blue/grey puffer through a spacer with a mask.

IF AVAILABLE FOLLOW THE PERSONS ACTION PLAN

Be calm, provide reassurance, do not leave alone.

Signs and symptoms

and triggers vary from

person to person.

May be some or all

of those listed.

A blue/grey puffer is a reliever.

Triggers may be

exercise. illness.

animals, smoke, environment.

You can use a puffer without a spacer.

Provide puffs through a spacer (and mask if under 4).

A spacer delivers the medication more effectively.

<u>OR</u>

If directly from puffer - puff into mouth directly, breathe in, hold for 4 seconds, do this 4 times.

If after 2 sets of 4 puffs, still cannot breathe normally, call 000 immediately.

A severe attack is lifetheatening if not treated.

REPEAT TREATMENT Until help arrives or recovery.

Ensure Safety for Self and Others

Ask for consent to help.
